Mogelpackung Von Kaliea Wer die ersten Bücher gelesen hat wird sich gut vorstellen können wie die Story weitergeht. Entweder man ist drin oder man hat bis hierhin schon aufgehört zu lesen. Leider musste ich einige Stellen besonders gründlich lesen weil verwirrende Formulierungen und total abstruse Satzkonstruktionen zusammengebaut wurden, der Trend hat sich in den ersten Teilen aber auch schon abgezeichnet. Man kommt vorbei, es strömt nur den Lesefluss. Was mich aber wirklich eiskalt erwischt hat war, dass hinten noch ein "Bonus Novel" der Autorin mit total unverwandtem Thema dranhängt. Wer wie ich nur auf die Prozentangabe achtet kann sich bei 52% auf eine Enttäuschung gefasst machen. Da hört der eigentliche Roman nämlich auf. Die Seitenzahlen der einzelnen Bücher nehmen stetig ab, okay, aber Seitenzahlen zeigt mein Kindle nicht an und so war ich mit dem plötzlichen Ende irgendwie unzufrieden. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ein Meisterwerk Von Thomas Voit Die ganze Serie ist ein Meisterwerk und jeder der sich halbwegs für Paranormale Geschichten interessiert wird hier seine helle Freude haben!

Kurzbeschreibung For fans of Xmen and The Hunger Games and who also enjoy original storylines! From the New York Times bestselling author of A Terrible Love, comes a #1 Dark Fantasy Bestselling series Praise for SCREAMS: "... I love this series... it has everything I could ever want in a YA book: drama, paranormal activity, strong male and female leads, suspense, romance, quirky characters, real life dialogue, parent/children bonds, difficult choices, resolutions, action... and the list goes on. Blodgett is an amazing writer and I'm so grateful that she produces her novels one right after the other... the wait alone would kill me if these came out in yearly installments..." - Shana-bookvacations.wordpress.com/"...The storyline was deep and rich, and the characters were amazing and super realistic as usual. The world that Tamara [Rose Blodgett] has built is deep and immersive..." - Logan Rutherford"...I devoured this book today. I'm still totally geeking out about this series. Caleb and crew just keep getting better and better at (mis)managing their mishcheif. I CANNOT wait to read the 4th book. I love the banter, I still love Jonesy and Tiff (gum smacking included). OMG when Jonesy's baby sister barfed/puked at Thanksgiving...I haven't laughed that hard while reading a book in a long time!!!" - Contagious Reads Blurb: Caleb's second year of high school starts off without a hitch until Jade touches the wrong clairvoyance sample that foretells a murder in her future. Will she remain safe even while assisting police officers Garcia and Gale in a race to prevent a cataclysmic death? Sophie and Jonesy aren't seeing things eye to eye, but when her safety is threatened by an attacker targeting Astral-Projection girls, they put their differences aside. The FDA approved depressant has begun to be administered to the teens for suppression of paranormal abilities during sleep for safety reasons. Or so they've been told. Carson and Brett have escalated the violence that they perpetrate and leave Caleb no choice but to reciprocate. After saving the newest member of their group from certain abuse, Caleb knows the bull's-eye is dead center on him. Again. Does Caleb use the undead as a weapon of defense while his group hangs in the balance of imminent peril? Full length novel.
