Von Stjepan Sejic : Death Vigil Vol. 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Death Vigil Vol. 1:

Now these 8 chapters are subsumed in Volume 1 of Death Vigil which makes it much more reasonable to buy for people who are charged a lot for shipping

(e.g. to Germany). Illustration related: I just love the style of his illustrations they look sometimes airy and almost sketchy but at the same time they are so elaborate with incredible love for detail such as facial expression, body language, very fitting speech balloons. Oh, and the monsters... be prepared, they are monstrous. Story related: The big story behind is the old story: good against evil. But it's not all black and white and sometimes there are good reasons to do bad things. The characters act comprehensible with a great sense of humor which makes the dark and sometimes even desperate story more lighthearted and the unique characters even more adorable. The story is very densely told which a pretty deep insight into the stories of the different characters. To sum it up: It Is Awesome!... well how could one not like a comic book which has ghost-zombie-vikings? 1 von 1 Kunden fanden die folgende Rezension hilfreich. story, character and style - thrilling! Von Cornelia M. This is without doubt one of the best comics I have ever read. It has a gripping story and cool and relatable characters, creepy ancient evil, loads of modern pop-culture and classic literature references, a story that scales up perfectly, and while it tackles dark themes it's oftentimes just hilariously funny! I think I don't need to say much more about the drawing style - Sejc's is so great with color tones, lighting, posing.. and just a genius with facial expressions! It's incredible how his characters really come to life. And the best of it: He keeps this up throughout ALL the chapters. Yep. Not just a great cover and then disappointing cheap sketch work on the inside, but full, loving details and drawing power on every page! I loved it and would recommend it to everyone who likes a bit darker fantasy with a tinge of clever humor. 2 von 2 Kunden fanden die folgende Rezension hilfreich. A great comic! Von Marko Filipovic I haven't heard of Stjepan Sejc before stumbling upon his DeviantArt page (nebezial), and reading Death Vigil there. But what I read blew me away, and I just had to get a print copy of it. Death Vigil has a perfect combination of action, mystery, and humor, with good pacing and great art. Stjepan knows how to perfectly capture emotions of his characters and immerse you into story, something I've seen many authors have problems with. I'll be sure to keep an eye on his work.
