The latest entry to an increasingly awesome series!Von Thrawn95With each new entry, Will Jordan expands the fascinating larger story arc around Ryan, Anya and the conspiracy they are trying to uncover.Deception Game sees Ryan and his team on a desperate venture into Libya, where nothing is as it seems.Jordan has many strengths, reaching from the creation of great multi layered characters to the vivid description of action scenes, but in my opinion his greatest strength is plotting. The plotting of a story with so many twists, that you can never hope to anticipate them all (the final twist would be a prominent example), while at the same time skillfully weaving it in the always expending main story!Deception Game is a real treat for everyone who enjoys the genre! But I highly recommend to read the

series in order! The author offers sufficient background to understand the story, but only if you have read the previous 4 books, can you fully appreciate the bigger picture! Cant wait for the next one!2 von 2 Kunden fanden die folgende Rezension hilfreich. Ryan Drake great. Von Robert LambThis is the best of all the Ryan Drake stories. If only for the last pent up ending. This had me on the edge of my seat from start to finish. What a fantastic job Will Jordan. I can't recommend this book enough to all of you out there....1 von 1 Kunden fanden die folgende Rezension hilfreich. And the story goes on as furious and capturing as everVon TinaGeAnother book that was hard to put down. Always full of surprising twists and unexpected personal backgrounds, this new episode of Ryan Drake and his team on their hunt for the truth was thrilling from the first page to the end. Can hardly wait for the next book.
