True love conquers all!Von ReggieThat may be a cheesy title but that really is how this book rolls.Seeing as I'm the first to write a review I'll go into the plot a bit.Decisions is a coming of age tale as well as being a romance. It's the story of Emma, the daughter of a wealthy Pennsylvania Senator, Schooner Tremaine. Tremaine, the lead nasty, has struck a

deal with the devil...he's arranged to marry Emma off to Gray Taylor, the son of a wealthy natural gas magnate. Emma is browbeaten and bullied into submission, but the night before the wedding, she runs off with her mother's help. She winds up in Duck, North Carolina under an assumed name. Safe for the moment, she knows she's on borrowed time. She has to do something to ensure that when her father comes looking for her, he won't be able to make her marry Ruthless Gray. In walks handsome Reese McConnell, and Emma has an answer to her prayers. After all, they can't force her to marry Gray if she's already married to someone else, can they? That is a very concise rendering of the plot, which twists and turns all over the place. The story has a warm, easy feel to it despite the surprises and drama, heartache, lies, truths, abuse, and overcoming of grave obstacles in order to find love. Emma is a lovely heroine who finally stands up to the beast that is her father. I loved it and would heartily recommend it to anyone who yearns for true romance. Mrs. Jones. (As I don't have an account).

Kurzbeschreibung To escape an arranged marriage, Emma must get married....Emma's father, Senator Schooner Tremaine, has struck a deal with the devil. He's agreed to marry Emma off to the son of an oil and natural gas magnate, the rakish Gray Taylor, as a business transaction. There's no way Emma will marry the rude, cold, domineering Gray, and, with some unexpected assistance, Emma runs away in the middle of the night, ending up in Duck, North Carolina. She's safe for the moment, but she knows she has to come up with a contingency plan, something to make certain that if Schooner comes after her, he can't force her to marry a man she doesn't love. In walks Reese McConnell, and Emma has an answer to her dilemma. All she has to do is convince Reese to marry her....
