Von Catherine Beery : Defender of the Empire: Facades (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Defender of the Empire: Facades (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. OK, but not as good as the first volumeVon Avid ReaderI really enjoyed the first part of this saga, and the second is not bad,

but I had to deduct one star from the four I would otherwise give, because the multitude of actors and races and various agendas became a bit confusing at times. Also, this volume was not as carefully proofread as the first, I noted a handful of errors. Would suggest to the author giving it one more thorough checking, preferably by a different set of eyes.

KurzbeschreibungGreat news! The third book is out now!My name is Rylynn Sinclair, and I have survived the Admirals Challenge and my first month at the Legion Fleet Academy. I was even made a crewman, along with my friends, stationed on the Hail Mary. I was moving up in life and my focus was on the future.Unfortunately, my past wasnt finished with me.It all started with Ace showing up in my room talking with my roommate, and the letter he had. From that point on, everything in my life started to pull me back to Colony Lenti and the secrets that surrounded it. It is truly bizarre to find out you know so little about your own homethat you had been naively believing all the facades were real. Somehow, I still had to figure out how to save my Spectral from ex-Admiral Knight. Armed with only questions, I found myself back where I had started and thrust into the arms of an enemy I hadnt even known I had
