Simply not enough feelingsVon MagritteThis is the first book ot the Freakn' Shifters series:- Delicate Freakn' Flower- Jealous and Freakn'- Already Freakn' Mated- Human and Freakn'- Jungle Freakn' BrideNaomi is a shifter who does not want another shifter as lover. She hates the alpha males violence, their crazy behavior, their claiming and their controlling

nature. So when not one but two very alpha shifters claim her as mate she simply refuses. Ethan, a Kodiak bear and Javier a jaguar are friends used to share women, so when fate decides that they share the same beautiful mate they are exited at first. When they however understand that Naomi does not want them they set their mind on proving her that alpha males can be nice and respectful of her needs as long as they get her. When however her life is threatened, will they be able to control their violent nature? This book is a full length novel (202 pages), giving the reader enough time to get to know the characters. It is my first book by Eve Langlais. I am sorry but I simply did not keep reading, I read several things in the same time until I finished this one. I did not really like Naomi, remained distant to Ethan and Javier. Probably I am just fed up by books in which there is no other attraction between the characters other than simply : they are mated! Naomi is a very mouthy young lady, if you enjoy that you will probably enjoy the book. The sex scenes are interesting mainly because of the mnaage aspect, but they did not excite me. The beginning was nice, but then I simply missed the emotional relation between the too superficial characters. Enjoy the read MBTMO von 0 Kunden fanden die folgende Rezension hilfreich. Fun to read Von Hoener, Birgit Naomi, a wolf shifter, grew up with several rowdy brothers who tend to solve conflicts with their fists. Mating another shifter? No way, she wants peace and quiet. So when she meets not only one, but two mates, she is adamant not to succumb to the mutual attraction and to Hell with Fate! A shifter version of "Taming of the Shrew", a bit heavy on the steamy scenes, but more than making up for it with the characters, the dialogues and the narration style. I really enjoyed reading this. 0 von 0 Kunden fanden die folgende Rezension hilfreich. a 180 turn of opinion, really? Von Karen KI like the story in general but I wasn't convinced with the acceptance of 2 sports guys in a relationship when the woman a) doesn't like sports, sports guys and has a load of prejudice and b) wants a completely "standard" life. I missed a few more convincing explanations. Maybe you don't need them as its another hot story from Eve Langlais.

Kurzbeschreibung Dammit , just how many toes was she going to have to stomp on before people realized she was a Delicate Freakn' Flower? Naomi doesn't want to follow tradition and settle down with a violence-loving, chest thumping shapeshifter. She grew up in a household with five, testosterone laden brothers where none of the dishes ever matched, the ugly-as-sin furniture could withstand any catastrophe, and where crazy glue was bought by the case. When fate--with a snicker--makes her meet not one, but two mates, Naomi digs her heels in and refuses to do what her wolf--and her body--demands. No way is she voluntarily allowing herself to get hitched to a pair of dumbass--totally hot and muscled--lacrosse players. Can Ethan, the towering Kodiak bear, and Javier, the sexy, tanned jaguar convince this she-wolf that life with them won't be all chaos? And can this Delicate Freakn' Flower unbend her prejudices enough to recognize she needs a pair of men who can handle her thorns--and her passion?
