pure. Their love is so real , I could feel it too. Everything what bliss was feeling I could feel it too. Their love is magical and their story is reality. Everyone should read a book like this. I would love to read a third part.0 von 0 Kunden fanden die folgende Rezension hilfreich. Captivating and beautifully painful, brilliant storyVon Patgoing through some of the 1-star reviews, I have to say, I don't think they really read the book all the way and with the necessary concentration and intellectual ability you definitely need to get through such a hard , but brilliant read.The story is captivating and intense and painful and passionate. Of course this book is not for kids or adolescent youngsters,growing up, looking for a coming of age book to read.This book describes the modern, lost in its ways and emotions, youth. The extremes a puberty driven kid can go through and the depths of despair a young person can feel and act on. It is about the consequences that parental behaviour has on your offspring, the way they come to see the world, relationships and most of all themselves.Those who only see a drug addict abusing a younger girl have clearly not understood the abusive nature of a girl that tries to fit into a role expected by her parents she is supposed to play while growing up into a full functioning adult. They expect her to be prepared for the harshness of this world by being overprotected and kept away from anything and everything remotely harmful.This book shows two extremes in parental behaviour and beliefs and the consequences resulting in a catastrophe waiting to happen.For those critics making very inappropriate remarks about this story being available for free online and are getting angry about that fact, totally disregard these writers' efforts and generosity. If writers dedicate their time and talent to a captivating story like this, and at first share it with the world, they still would deserve a reward of any form. They left it up to the reader to either buy the book or read for free.What's wrong with that?I loved this book, as hard a read as this was, it was the best I read in a very long time !0 von 0 Kunden fanden die folgende Rezension hilfreich. Um den Finger gewickelt. Pt 2.Von KemijaDer erste Teil lässt einem schon nicht zu diese Geschichte in Ruhe zu lassen. Einfach nur...wow. Wunderbar. Ich mag schon behaupten, dass der 2. Teil um einiges besser ist. Aber beide super geschrieben.

KurzbeschreibungThe innocent girl with a delinquent heart has to live with her bad choices. Secret hope and hurt feel like falling while she learns how to breathe again, but there's still freedom in trouble.The runaway with blacked-out eyes is losing his grip. Crushing two hearts in one fist, his addiction bends rules and breaks deals, but the boy born for bliss isn't going anywhere without a fight.Love is knowing they should stay away, but love is illogical at best.She's afraid to let go.He won't let her.This is how silliness and foolishness grow up.Here, forever is a lie.KurzbeschreibungThe innocent girl with a delinquent heart has to live with her bad choices.
