Good omnibusVon HuwgeThe Delphi editions are not about having an easy to navigate Kindle experience, they just gather the author's material and let you have at it. Whilst this does make it less straightforward to dip into, especially for the poems, at this price this is not really relevant. Kipling wrote at so many levels that it is impossible to dismiss as for children or that it is particularly jingoistic. There is a little bit of everything here and should be considered essential at the price.1 von 2 Kunden fanden die folgende Rezension hilfreich. I've been looking for this for several yearsVon Panperdusee above As a teenager I read a lot of Kipling and it is a pleasure to meet him again
