Von Hannah Walker : Demons Don't Dream (Demonic Tales Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Demons Don't Dream (Demonic Tales Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A cheery saturday afternoonVon RayanvarA mix of science-fiction, fantasy and male action romance - what's not to like?A story with loyalty and treachery, intrigue and some frightening adventure, friendship, action and literally sizzling

attraction. The alien world is well contoured but not boring detailed, the main characters honourable, likable, almost cute - even the demons ... especially the demons. The smooth writing style allows a pleasant reading. I thoroughly enjoyed the time I spent in this world and discovered there are more stories before this one: a whole "Avanti Chronicles" collection. You bet I will become acquainted with those guys as well. Gladly recommended! 0 von 0 Kunden fanden die folgende Rezension hilfreich. finally got to read your story caris :D Von Bookworm90i read the whole series over a week and nothing else i love it and i hope it will continue. The whole plot has many different facets plot ist twisting new thing uncovered from book to book the story just gets more exciting

Kurzbeschreibung Being the Terran ambassador assigned to Kenistal, the Demon home world, is not a particularly easy posting. Caris Dealyn wants nothing more than to get this assignment done so he can continue searching for his missing Avanti friends. But first, he needs to solve the mystery surrounding the last ambassadors disappearance, while navigating the Demon court with all its whisperings of plots and betrayals. It's not such a bad job, if he could keep his attention on work and not on the prince who seems to distract him just by being near. Prince Dasalin Kanerkit is busy running the kingdom in his father's absence, but not so busy he doesn't notice the new Ambassador. Caris gets under his skin like no one else before, which is quite a feat considering Dasas demonically tough scales. The attraction between them is undeniable, and when events throw them together, sparks fly. They can't get enough of each other. But there are forces at work that wish to keep them apart. In a fight for their survival, the two must figure out which demonic faction is behind the plot and protect not only themselves, but the people they have both vowed to serve.

ber den Autor und weitere Mitwirkende Hannah Walker is a full-time mum to two gorgeous teenage sons, and shares her home with both them, and a very supportive husband. They have always encouraged her to follow her dreams. She has always loved books from her childhood years reading alongside her father, inheriting his love of Sci-Fi and Fantasy. She has combined this with her love of MM romance to write her Sci Fi series: Avanti Chronicles and Demonic Tales, as well as her fantasy series: Elements of Dragonis. She loves writing about complex worlds where the men love, and live, hard. Welcome to the world of MM Sci-Fi and Fantasy.
