KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Viel Blut und Gewalt und natrlich LiebeVon KatrinDas Buch habe ich in einem Rutsch durchgelesen. Es ist spannend geschrieben. Der Titel und das Cover deuten schon auf viel Blut und Gewalt hin. Das Level passt aber in den

Gesamtkontext. Mir hat das Buch sehr gut gefallen. Man konnte sich gut in die Charaktere und Szenen einfinden. Im letzten Drittel war mir der Wechsel zwischen ein paar Plot-Punkten etwas unklar. Das kann aber auch nur mein subjektives Empfinden sein (daher nur 4 Sterne). Da Englisch nicht meine Muttersprache ist, sind mir groartig keine sprachlichen Fehler aufgefallen. Die Formatierung war auch in Ordnung. Ich kann das Buch empfehlen, wenn man mal eine Love-Story im Splatter-Format lesen möchte. 0 von 1 Kunden fanden die folgende Rezension hilfreich. ok book Von Customer a good story ,a little bit too much violence and not a very happy ending. a book you read once but not twice.

Kurzbeschreibung Ravyn is a sexy young demon working as an assassin for the Vatican. A formidable fighter who relishes the battle, Ravyn is as tough as she is beautiful. When she receives her latest orders, however, she's shocked to discover that her childhood friend, Kara, has somehow ended up on the Vatican's hit-list. Though it's been years since Ravyn and Kara have spoken, Ravyn refuses to see her friend harmed, and sets out to protect Kara. Kara is a powerful witch, with talents of her own, and the growing attraction between the two women only makes things more complicated. When a betrayal comes from the most unexpected source, Ravyn must battle a foe greater than any she's ever known. Never one to shy away from a fight, Ravyn will stop at nothing to save Kara even if it means making the ultimate sacrifice. Demons tells a tale of love blossoming in the middle of the battle between good and evil, and how we can survive the most terrible monster of all, heartbreak. She began writing as a form of therapy, allowing an escape from daily rigors of reality. Now, she can't leave the darkness of her mind. You can always find her listening to music and drinking coffee, writing or not. When Natalie isn't tied to her computer, she is watching movies, lazing around with the cat, or working on jigsaw puzzles.
