### Von Lisa Alder : Demons Unleashed, Volume 1 - 3 (Demons Unleashed Erotic Novellas) (English Edition)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Demons Unleashed, Volume 1 - 3 (Demons Unleashed Erotic Novellas) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. (sighing) where do I get one? Von dragonchildi loved it! only problem: much too short! the books were like really good sex: cannot await the end, but do everything to expand the way to it as much as possible. i hope Lisa Alder is translated into german, because of the content of the novels i just cannot translate them to my best friend. I will surely read more and hope that there will be a lot more pages to turn ( or ebook buttons to press). These demons seem to be as typical male as any human man. So sure of themselves. I liked the complete lack of shyness while watching each other having sex, yet i wished to have learned more of their past, how it was and what happened to the female demons. And what exactly are the fae like? How did they have been imprisoned? What did the fae do, how could the demons escape? Tell me more about the ten years of falling back into ice-age times! I bought the ebook because i like fantasy books and the idea of strong, muscular, handsome non-humans having sex (very often!) (sighing again). It was really

fun to read, even with the hands on top of the blanket, it would have been thrilling if it was a full length book with all the background informations.
