KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. well told storyVon Kindle-KundeAlex is a little different from ordinary people. He is discovering, what he is and what he can do, while the supernatural is slipping more and more into his life. In addition to handling all the strange things in his

life, Alex has also to figure out his relationship to Cindy, his childhood friend. The story is told from the perspective of Alex. It has a good pace. The supernatural elements are there from the very beginning, however there is also a fair deal about his normal life with normal problems of a young man. His reactions to the supernatural seem always believable. He wonders, he feels lost at some times, he fears his powers, however he does not hesitate to use them, when needed. There is some romance in this story, however also there is a lot of bantering and teasing going on between the main characters, the act of love making is left mostly to the imagination of the reader. This is a nice difference to many of the stories about supernatural beings, that are available now a days. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Solid first book of a ongoing series Von Bcherfan The book introduces a relatable (dark-ish) hero protagonist with a quite interesting superpowered skillset. A budding romance with some bumps along the road, some well written action pieces and solid character development make Demonspawn (and the Damned and Cursed series) a book I can fully recommend! 0 von 0 Kunden fanden die folgende Rezension hilfreich. 4 Stars for an interesting story! Von Mona The book tells us the story of Alex, who starts of with being able to go trough walls and gradually develops more and more power. I really liked the storyline and the protagonists.

Kurzbeschreibung My name's Alex. I used to think I was normal. I have a job, an apartment, good friends. I have a sister I adore, and the most beautiful woman in the world happens to be my best friend. I see ghosts. So what, right? It's on television all the time. All kinds of people see ghosts. But seeing ghosts turns into seeing demons. Seeing demons turns into walking through walls. It only keeps getting better. It just so happens I'm half demon, the only one of my kind. I met a woman and made a new friend, Victoria. She is a four-hundred-year-old vampire, and she needs my help. It turns out vampires are popping up everywhere. Some kind of new breed, more animal than vampire. They feed on anything, and can't be reasoned with. Can a half demon do anything to stop them? Kurzbeschreibung My name's Alex.
