Von Christopher L. Bennett : Department of Temporal Investigations: Watching the Clock (Star Trek: Department of Temporal Investigations S) before purchasing it in order to gage whether or not it would be worth

my time, and all praised Department of Temporal Investigations: Watching the Clock (Star Trek: Department of Temporal Investigations S):

KurzbeschreibungTheres likely no more of a thankless job in the Federation than temporal investigation. While starship explorers get to live the human adventure of traveling to other times and realities, its up to the dedicated agents of the Federation Department of Temporal Investigations to deal with the consequences to the timestream that the rest of the Galaxy has to live with day by day. But when history as we know it could be wiped out at any moment by time warriors from the future, misused relics of ancient races, or accident-prone starships, only the most disciplined, obsessive, and unimaginative government employees have what it takes to face the existential uncertainty of it all on a daily basis . . . and still stay sane enough to complete their assignments. Thats where Agents Lucsly and Dulmur come instalwart and unflappable, these men are the Federations unsung anchors in a chaotic universe. Together with their colleagues in the DTIand with the help and sometimes hindrance of Starfleets finestthey do what they can to keep the timestream, or at least the paperwork, as neat and orderly as they are. But when a series of escalating temporal incursions threatens to open a new front of the history-spanning Temporal Cold War in the twenty-fourth century, Agents Lucsly and Dulmur will need all their investigative skill and unbending determination to stop those who wish to rewrite the past for their own advantage, and to keep the present and the future from devolving into the kind of chaos they really, really hate.

ber den AutorChristopher L. Bennett is the author of two previous works of Titan fiction, the novel *Star Trek: Titan: Orions Hounds* and the short story "Empathy" in the *Star Trek: Mirror Universe: Shards and Shadows* anthology. He has also authored such critically acclaimed novels as *Star Trek: Ex Machina*, *Star Trek: The Next Generation: The Buried Age*, and *Star Trek: The Next Generation: Greater Than the Sum*, as well as the alternate Voyager tale *Places of Exile* in *Myriad Universes: Infinitys Prism*. Shorter works include *Star Trek: SCE #29: Aftermath* and *Star Trek: Mere Anarchy: The Darkness Drops Again*, as well as short stories in the anniversary anthologies *Constellations* (original series), *The Skys The Limit* (TNG), *Prophecy and Change* (DS9), and *Distant Shores* (VGR). Beyond *Star Trek*, he has penned the novels *X-Men: Watchers on the Walls* and *Spider-Man: Drowned in Thunder*, and is also developing original science fiction novel concepts
