Von Julie Cannon : Descent (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Descent (English Edition):

KurzbeschreibungSpeed, competition, danger, and sexShannon Roberts has it all, just the way she wants it on her terms. Being on top is the only thing that matters to Shannon Roberts. If not in that position in a hotel room with the latest groupie on the mountain bike racing tour, it's seeing her name in first place on the leader board. That is until she comes head to head with her main rival Caroline Davis, a woman with whom she had a brief, yet sizzling four day marathon sex-fest ten years earlier. Speed, competition, danger, and romantic rivalry are the key elements in Descent, the story of two women competing for the world championship of downhill mountain bike racing while fighting the lingering attraction they both thought they had extinguished.
