You will not be disappointed buying this book!!Von ShaunaI received a copy of this book from the author for an honest review.Wow, what a book. I went through every single emotion that I have inside me while I read this book. From sadness right the way through to happiness, shock to awe. I connected with Marissa on so many levels, as I think most women will. Cole is cocky, enigmatic and all round alluring and like Marissa I was drawn to him like a moth to a flame. I loved the whole story and there was not a thing that I would have changed, its the perfect HEA in my eyes. If

your looking for a book with some twists, some insanely hot sex scenes, BDSM scenes, heartfelt emotional scenes then this is your book. Give it a try you will not regret it, I guarantee it.

Life is a series of chances and regrets. The weak falter, leaving the strong to suffer the wicked and depraved. Cole Stockton was a lion among lambs seeking penance for his dark past, and I was only too eager to escape my own.It starts with a flicker in the distance. A slow burn that radiates a tireless beckoning. No matter how hard you fight to resist the allure, you succumb. Drawn in like a moth to a flame, only to watch your precious wings scorch and fade to dust.I had thought there were only two lessons in life needed to survive.One: Love, with everything you are.Two: Live, for everything you dream.But there was a third, and that was perhaps the toughest of all.Three. But when I'm not working my day job, or spending time with my family, I can be found glued to my laptop where I love to create worlds with sexy alpha males and brazen heroines. I'm also an avid fan of heavy metal and rock music, and regularly attend music festivals with my better half.
