Tac novel. Exciting! Von Detra Fitch A-Tac is a black-ops CIA unit masquerading as Ivy League faculty. Tyler Hanson is the demolitions expert for A-Tac. Her motto is "Duty first". The last thing she wants is to get involved in a relationship. When Tyler meets Owen Wakefield, a handsome British operative, she ends up in his bed for a single night and never expects to see him again. But then Owen is brought into A-Tac. Logan Palmer is with the NSA. (Think Internal Affairs. Policing America's intelligence agencies.) Palmer is out for one thing and one thing only. To work is way up the political ladder any way he can. Somewhere in the A-Tac chain, there is a mole. Someone is leaking out vital information. Palmer believes Tyler is the guilty person. Palmer inserts Owen into A-Tac to find proof of Tyler's guilt. As Owen works with A-Tac, he becomes more and more positive that Tyler is innocent. He also becomes more positive that he feels more than simple desire for Tyler. But no one on the team knows that Owen is actually working for Palmer. Most everything they know about Owen is a lie. When they eventually find out, the mess will hit the fan. \*\*\*\* FOUR STARS! This episode tackles the mole issue that has been an ongoing subplot in the previous titles. No worries if you did not read them. The author makes sure that new readers are not left floundering and confused. (Each title is a stand-alone tale. They are exciting and I recommend reading them simply for the pleasure of it.) Dee Davis writes romantic suspense like no other! \*\*\*\* Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung As the demolitions expert for A-Tac, a black-ops CIA unit masquerading as Ivy League faculty, Tyler Hanson has two great loves: literature and explosives. She lives by the motto "Duty First" and doesn't have time for personal attachments . . . until a steamy one-night stand turns into a professional partnership. **BURNED BY BETRAYAL** When Tyler meets Owen Wakefield, a handsome British operative, she seduces him with no intention of ever seeing him again. But then the sexy Brit is brought into A-Tac, and despite Tyler's efforts to keep her distance, she finds herself falling for him. Trusting him. Owen seems too good to be true - and he is. He's hiding his true motives and identity, and no matter how he feels about Tyler, he can't keep her secrets. One of A-Tac's members has turned traitor and helped terrorists to hijack a shipment of nuclear weapons. As witnesses start dying and evidence starts disappearing, Owen and Tyler must race to find the mole - and prevent a final, cataclysmic act of destruction. **BURNED BY BETRAYAL** Kurzbeschreibung As the demolitions expert for A-Tac, a black-ops CIA unit masquerading as Ivy League faculty, Tyler Hanson has two great loves: literature and explosives.
