originalVon Ein KundeThe story is too much like too many stories of people travelling across the west. There was nothing original about the characters or the plot to be of any real interest. It's an okay story. Borrow it from a friend or pick it up at the library, but I definitely do not recommend that you buy it. It is yet another book with an open ending in hopes of snagging the reader into purchasing an entire trilogy of books.0 von 0 Kunden fanden die folgende Rezension hilfreich. Rafe Bodine's heart wasn't as hard as he thought!Von dork2@usa.netA great story of two lonely people finding happiness together even with 5 children in tow. Both adults learn about love. I can't wait for a book on big brother Ethan and maybe the female bounty hunter?

KurzbeschreibungEx-Texas Ranger Rafe Bodine, thought he could leave his violent past behind him and settle down with his childhood sweetheart. But when she is murdered, that dream is shattered. Now Rafe is on a mission of revenge. He doesn't count on meeting Emmaline St. Joseph, however, a headstrong philanthropist who needs Rafe's help. Like most of my books, this book is chocked full of humor, has many heartwarming moments, and characters that the reader will fall in love with. Though Desperate is the first book of a trilogy, all three books stand alone and it is not necessary to read them in any particular order. The second book in the trilogy, DANGEROUS, will be released in February of '98, followed by DEFIANT in October of that year.
