find this one Von Mudalu While I was searching for new stuff to read I found this one. Description was interesting - so, why not give it a try? The book didn't disappoint me. I love such scenarios: on one side a fearful, but strong-willed newly turned she-wolf and on the other a silent, but fierce protector bear shifter and how they discover their love for each other. And how they fight for their own happy end against a wolf pack, which tries to take away our heroine from everyone and everything she loves. This book is part of "Midnight Liaisons"-Series and so my next book will be starting novel "Beauty Dates The Beast". P.S. Spelling mistakes included - English is not my first language.
