wild ride with author Candice Kohl. DESTINY'S DISGUISE is an action-packed medieval romantic adventure that will leave you panting for more. Lady Gwyneth is NOT your usual heroine. For starters, she's, er, a mature woman, even by modern standards. She also knows her own mind, and watching her exercise it on poor Lord John of Farleigh makes for a great read. Of course, Lord John has a few tricks of his own up his sleeve. Any lover of historical romance in general and/or medieval romance in particular will get a big charge out of DESTINY'S DISGUISE. I for one can't wait to see the rest of the trilogy. Thank you to author Candice Kohl for this lively, un-put-downable book.

Kurzbeschreibung Lord John, the earl of Farleigh his giant frame scarred by battles fought as a mercenary knight returns home to England to claim his unexpected inheritance. But now he must battle against the wicked baron Elwood of Eye and a woman with an inner strength to match his own who dares to love him. A widow bitter toward men, Lady Gwyneth her willfulness and deceit borne not of treachery determines to save her younger sister from the formidable earl by wedding him herself. Expecting nothing but cruelty at her husband's hand, she is surprised to find herself the recipient of that which she has so often given, but never received: love. But Gwyneth has dark secrets that will inevitably be revealed secrets that will test the strength of their love. Destiny's Disguise, the first of a trilogy, revolves around Lady Gwyneth's unexpected love for a completely unwanted husband, Lord John of Farleigh. Her major problems are that she cannot believe she's found love so "late" in her life, and that the romantic love seems always to conflict with her motherly love for her grown children, all three of whom are knighted warriors themselves. Gwyneth is mature--she's lived a hard life and known little joy. So she determines to use her wit and wiles and any deceitful but effective means available to her to keep her loved ones safe. Many readers have told me they didn't like Gwyneth at the beginning of her tale, but virtually all admitted they understood, respected and admired her by the end of Destiny's Disguise. I love her story, as well as the subsequent stories about her eldest son, Matthew, and her twin sons, Richard and Rodney (Raven). I hope you will, too.
