Von Carly Phillips : Destiny (Serendipity series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Destiny (Serendipity series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not goodVon -KundeI really liked the first one of these books (serendipity), but I couldn't really warm to the main

character in this one - mainly Nash. He's too judgmental and half the time I would have liked to tell him to grow up and stop taking everything personal. Maybe it's me, but he acted like such a cry-baby the whole time and that's just not attractiv. And Kelly: she said she knew him and I do understand her reasons not to tell him about her past - but come on, not telling him was way too stupid for this character!In the end I only read this book so I could get to the next one.0 von 0 Kunden fanden die folgende Rezension hilfreich. me timeVon Kim Schultgood summer read nothing to heavy just right to relax and enjoy some romantic me time while forgetting reality :)

KurzbeschreibungDear Readers, Welcome back to the town of Serendipity.DESTINYis the second in my contemporary romance series that I began in SERENDIPITY. In Destiny, you will learn more about the town of Serendipity, the Barron brothers, and the past they've tried so hard to run from ... and in some cases, to hide.. Like any other town, Serendipity has its secrets, scandals, pain, heartache and love, but there is also an implied promise of fortune and good luck, along with people at changes and crossroads in their lives.You already met Ethan Barron, the bad boy who has come home to make good and Faith Harrington, the girl who got away. DESTINY is Nash Barron and Kelly Moss's story and coming in May 2012 is Dare Barron in KARM.I hope you'll continue to take this new journey with me and enjoy!Happy Reading,Carly PhillipsPressestimmen'Fast-paced and fabulously fun, Carly Phillips entertains with witty dialogue and delightful characters' (Rachel Gibson, New York Times bestselling author)'Carly Phillips' characters are always believable, and I think that's what makes her books keepers...
