Von Stephanie Laurens : Devil's Bride (Cynster) before purchasing it in order to gage whether or not it would be worth my time, and all praised Devil's Bride (Cynster):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. To have and to holdVon FannyPrice27109I adored this book, as well as the other books about the other members of the Bar

Cynster. I just love the Cynster males. They are the type of men I would want to marry. The reason I like Devil and the rest of the gang so much is because they know when the time to marry has come and they try their hardest to seize what is theirs. I love Devil despite his faults, among them arrogance and possessiveness because they all add to the certain warrior quality that is the epitome of a Cynster male. In other romance novels that I have read the heroine falls in love with the hero but the hero just refuses to marry until the very end because of his stupid reasons until he realizes that marriage would not be so bad. I love the Cynsters because unlike the typical hero they do everything within their power to get to the church. I also like how close the entire family in the book is. It is a closeness that would be an ideal for every family. You also have to read all the rest of the books in the series- A Rake's Vow, Scandal's Bride, A Rogue's Proposal, and A Secret Love. They are all just as good as Devil's Bride.³ von 3 Kunden fanden die folgende Rezension hilfreich. Love it or hate it Von Tonya Palmer Just to add my two cents' worth: I really like this book, and the ones that follow. The other reviews I have read point out all sorts of details that were wonderful or disappointing. The mystery wasn't very mysterious? OK. The way I read it, they knew who it was, they just needed proof. It wasn't really about the mystery, anyway. My favorite part was when Devil recognized that Fate had thrown his match right in front of him. How refreshing that the hero was the one pushing for marriage, and the heroine was as marriage-shy as any typical male. The whole point of reading (for me) is to escape. The more unrealistic the situation, the better. Why escape into a world the same as the one you're leaving? I want the romantic couple to do things like defy social conventions and change their minds in two seconds, and especially to fall in love at first glance. That's romance.² von 2 Kunden fanden die folgende Rezension hilfreich. The very best Von Ein Kunde Of all stephanie laurens books - this is the very best. the hero knows from the beginning that he's holding a treasure in his arms - one he won't let loose at any time, although he comes near despair on one or two occasions. The story is from the first to the last sentence quick witted and funny. The heroine struggles against the deep physical attraction - but with some help from others (an elderly aunt that will reappear in other novels) they find their luck. of course there is a villain whom they fight together and a deep bond with the other members of the bar cynster (cousins - all not wed yet and good stuff for following novels). Enjoy!

Kurzbeschreibung When Devil, the most infamous member of the Cynster family, is caught in a compromising position with plucky governess Honoria Wetherby, he astonishes the entire town by offering his hand in marriage. No one dreamed this scandalous rake would ever take a bride. And as society mamas swooned at the loss of England's most eligible bachelor, Devil's infamous Cynster cousins began to place wagers on the wedding date. But Honoria wasn't about to bend society's demands and marry a man "just" because they'd been found together virtually unchaperoned. No, she craved adventure, and while solving the murder of a young Cynster cousin fit the bill for a while, she decided that once the crime was solved she'd go off to see the world. But the scalding heat of her unsated desire for Devil soon had Honoria craving a very different sort of excitement. Could her passion for Devil cause her to embrace the enchanting peril of a lifelong adventure of the heart?
deSetting: Regency England Sensuality: 8
Governess Honoria Wetherby is determined not to marry; she plans to have adventures among the Egyptian pyramids in lieu of wedding a controlling husband. But even the best-laid plans can run afoul of luck and outrageous fortune, as is fatefully proven one stormy evening when Honoria happens upon a dying young man in the woods. After passing the night in a cottage alone with the corpse and his cousin, the rakish and very much alive Devil Cynster, it's decided--by the handsome rake--that Honoria has been compromised by the unchaperoned evening and the only remedy is to marry. Despite her flat refusal, Devil is determined to have the beautiful and feisty governess; his family is overjoyed that he's finally planning to marry. But Devil definitely has his work cut out for him as he attempts to convince Honoria to wed him and forego her plans for adventure. Luring Honoria to the altar is further complicated when she insists upon aiding him in the search for his cousin's killer. Which will Devil accomplish first: seducing Honoria or unveiling a murderer? Or will Honoria foil the first plan and solve the second before Devil can? Devil's Bride is the first of several novels by Laurens that feature the members of the noble Cynster family in Regency England. The larger-than-life hero is bold, brave, daring, and determined and meets his perfect match in the heroine, who is plucky, intelligent, practical, and wise. Lush sensuality, deft plotting, and charming secondary characters make this novel a stellar beginning for the Bar Cynster series. --Lois Faye Dyer.co.uk
