**Von Donna Mitchell : Devon's Desire (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Devon's Desire (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Good idea...Von Mic...BUTit kind of gets slower about around the middle of the book.I really liked the two main characters

Brook and Devon (sweet, sexy, lovely Devon)The story between those two starts very interesting and like a good page turner, with sizzling passion, but the whole turning point is so sudden and as fast as it came it's over and then it kind of gets slow and predictable. I would have liked ...well more action.

KurzbeschreibungA young, independent, and beautiful free-thinker, Brooke Banister always knew what she wanted and how to get it. But when it came to men, she was more interested in ranching than dating. However, she was losing her passion for ranch life and yearned for a change. It would come in the form of a devastatingly handsome man named Devon. A fresh start and a new career were within her reach, but did she have the courage to take the leap? Little did Brooke know, danger awaited her decision. Devon Taylor wasn't looking forward to being dragged away from his comfortable city life, but his father insisted they spend time away from their law firm in San Francisco. He was, however, looking forward to being just another tourist in Montana where no one knew his worth. A place to get away from the constant reminders that his office brought forth. His charming good looks and playboy demeanor had finally caught up to him when an a recent encounter with an obsessive past employee put him on edge. Love had always been a game for Devon until he met the vibrant, head strong Brooke, who caused his fascination to become desire and something more. The problem was, he quickly found that his heart was on the line. KurzbeschreibungA young, independent, and beautiful free-thinker, Brooke Banister always knew what she wanted and how to get it. A town where the children knew it was time to go home by the streetlights, and chasing fireflies was a nightly ritual. The small town life is what encouraged her to write about a young woman who breaks away from the norm and steps out of her comfort zone by moving away; just as she had done. Donna has lived in several states including Iowa and Arkansas. She currently resides in Midlothian, Texas with her husband and three children. Four years ago, she and her husband felt the need to foster and eventually adopt Gabriel, the youngest member of their family. Gabriel completed their family and God opened many doors to allow him to be with the Mitchell family. Donna continues to serve the adoption agency that aided in her son's adoption by volunteering every year during their annual fundraiser gala. Her husband currently sits on the Board of Directors for the agency. Donna also volunteers at her daughter's school whenever possible, which is her way of "paying it forward."
