Devotion....nice story...Von MicOk the idea behind the story was actually really great. I also liked the characters and the development of the relationship between them and the whole story...but...it gets a little rushed at the end and suddenly you are confronted with a few things which are somehow not feeling in the right position. So I had a few problems with the surroundings and sudden upcoming information, but all in all it is a nice read with a easy feeling. I liked the way the seriousness from Phillip Spears is a major intense point in the story. It somehow captures you and the naive and clueless way of Isabel is the perfect match to him. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Super Buch Von UihUij Ist keine so einfache Geschichte sondern hat wirklich eine super Basis! Klar gibt es viele gute Stellen, aber es ist verwickelt und interessant geschrieben!
