Von Charles Raines : Dicing with Danger (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Dicing with Danger (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Ticks all the right spots.Von kanundraI discovered Charles Raines a few years back. And was swept into his writing world within a few pages. I waited for more to come out and snapped this one up as soon as it was advertised. Dicing with danger is a great short story, that follows three young men. For me to want to carry on reading these characters must come alive, and they sure do. I can feel the heat inside that train, the lust wanting to explode throuh the pages. Their experiences of lust and sex is more than enough to leave you hot under the collar. Do not read in public, lol Great read, and highly recommended.0 von 1 Kunden fanden die folgende Rezension hilfreich. A wasted chanceVon SilviaThis one's a major WTF read. At least for me. I stumbled across it via Pinterest and halted because the quote plus the photo

it was used for reminded me of a German book I had read and fallen in love with, and I thought - oh, it's been translated into English? Well, nope. It's a whole different thing. The summary sounded like a fun read, a quick + steamy fix, an enjoyable lust tangle which was just what I needed that day. Well, what can I say. It doesn't do anything for me. A short story is but a glimpse, a momentum, a snapshot, and that is OK. Short stories can be fantastic and fun and sexy and all, but this one isn't. I couldn't connect to either of the characters, I couldn't see where the willingness to do something risky came from. Yes, there's mutual attraction but it doesn't come across as strong enough, I think. I can't even say it's badly written per se, but it didn't touch me. To be honest, I didn't care one iota about either of the blokes, and I didn't get the ending. What's worse: I don't care I didn't get the ending. I just feel... meh about the whole thing. Also, as a native German speaker, I was a little put off by the grammatical mistakes, small as they are, but they still irritated me. So, two stars for the idea and for the choice of location. Could have been something but alas, it wasn't enough.

Kurzbeschreibung As a tired train trundles through post-war Germany, a motley bunch of travellers huddle in a cramped third class compartment. Realising life will never be the same again, resentment breeds when a British soldier joins them for the ride. Flanked by a male civilian who urges caution, a German sailor takes it upon himself to show open hostility. Taking stock of each other throughout the journey, the three young men aggravate and intimidate. Soon there is a score to settle. But intuition tells them they all have something in common. And the only way to resolve their differences is to follow their instincts. N.B. This story contains explicit descriptions of erotic and sexual situations between men. Mature readers only.
