**Von Martha Schroeder : Lady Meg's Gamble (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lady Meg's Gamble (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I really liked this bookVon Ein KundeI had never read Martha Schroeder's work but I certainly will after having read this one. I really liked the practical hero and heroine. The hero was "born on the wrong side of the blanket" and though his father didn't reject him out of hand, he had anything but a happy childhood. Sent to sea as a child, the adult man is now looking for the only thing he never had--a home.Lady Meg's father's death leaves her in relatively dire circumstances. She's bankrupt and in that day and age her options are limited. After turning down the proposal of a perfectly eligible neighbor, the neighbor turns matchmaker. Though James (the hero) is uneligibile the neighbor just has a felling that James and Meg will suit one another perfectly--and of course he's right.I enjoyed the way the character's dilemmas are

treated in a rational manner instead of resorting to melodrama. The earthiness and pragmatism of the characters made their falling in love all the sweeter. An impressive effort on Martha Schroeder's part. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A love story that reminded me of Jane Austen. Von Ein Kunde I definitely liked this book. The way the author set the story in a country manor and had the story stay there reminded me of a Jane Austen's work. For a reason I can't quite name, the hero and heroine reminded me of the characters in Austen's "Persuasion." Lady Meg is relentlessly practical so when she finds herself penniless after her father's death, she is willing to do anything (within reason) to keep her home. The hero was born on the wrong side of the blanket and all but rejected by his family. Now he wants only to find a home that he can truly call his. They are the perfect choice for one another. The characters are nicely drawn and the plot doesn't resort to pointless melodrama. Definitely worth the read.

Kurzbeschreibung Penniless Lady Margaret Enfield was given an option to save her home, Hedgemere. She could marry a wealthy stranger, Captain James Sheridan. The captain had spent his life at sea, escaping his past. And though Hedgemere satisfied his longing for a home, he was not as certain about the outspoken Lady Meg. But scandal threatened and they were going to have to face it together. Regency Romance by Martha Schroeder; originally published by Fawcett Crest
