Von Jennifer Roberson : Lady of Sherwood before purchasing it in order to gage whether or not it would be worth my time, and all praised Lady of Sherwood:

Not as good as Lady of the ForestVon Ein KundeI must start out by saying that Lady of the Forest is my absolute favorite book. When I first read it, I was utterly captivated and entranced. I have read it several times since with the same result. Jennifer Roberson has an amazing ability to completely bring the scenes to life, in vivid color. All of the

characters in Lady of the Forest are fully developed and interesting; you want to know more about them and what is happening to them. I was expecting the same kind of magic in Lady of Sherwood and was a little disappointed. It almost felt as though the author was trying to catch you up on the last book for half of Lady of the Forest. I found the characters to be less-developed, if possible, with absolutely no growth whatsoever. I found it difficult to find the central plot, whereas in Lady of the Forest it was very clear. I enjoyed the book because it involved the characters that I had come to love, but other than that, I don't believe I would recommend the book to anyone who has not read Lady of the Forest.0 von 0 Kunden fanden die folgende Rezension hilfreich. Just as good as I thought it would be!Von Ein KundeI don't want to give away the plot, especially since the book just came out. I've been waiting for this book for such a long time and had to read it the moment I got it.Lady of Sherwood tells of the actual legend as we know of it, while Lady of the Forest was a prequel to the legend. Lady of Sherwood holds you until the end. Again, I wish deLacey was dead or worse. I'm also happy that this book doesn't strictly follow the politics, but focusing on the characters. You especially notice a change in Marian from the previous book.For those of you who loved Lady of the Forest, you'll be wanting to read this. For those of you who have not yet read lady of the Forest, I would not say it is essential to reading the first book before this, but you'd be missing a great book.0 von 0 Kunden fanden die folgende Rezension hilfreich. DisappointedVon Ein KundeI was disappointed in this book compared to the Lady of the Forest. I found the plot to be interesting, but the ending was very boring and I felt was the author's easy way out. I would not recommend and would not read again (unlike Forest, which is a great re-read).
