Great storyVon RosaliaNot as good as Rosalia's Diary, but still a great book combined with a good game!5/5 would read and play again!1 von 1 Kunden fanden die folgende Rezension hilfreich. Mein Fantasy berraschungsbuch der letzten MonateVon KundeIch bin durch Zufall auf das Buch gestoen und war absolut positiv berrascht. Das Buch bietet eine

flotte Handlung, ein sehr interessantes und unverbrauchtes Fantasy Setting (Besiedlung eines mystischen Kontinents), witzige Dialoge und lebendige glaubhafte Charaktere mit Strken und Schwchen. Es kommt keine Sekunde Langeweile auf. Ich bin auf jeden Fall gespannt wie die Geschichte um Randall, Tia und William weitergehen wird! Toller Autor und meine Buchberraschung der letzten Monate. Empfehlenswert! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Like it! Von Dave You have to be sceptical about "video game novels" but I must say that Peter Newman did an excellent job with this book. A good story is about interesting characters and that clearly is the recipe here. I read this book in just two days and certainly had a lot of fun!

Kurzbeschreibung Albion. Land of mists and mysteries, where mankind resembled gods. But these gods were flawed and they turned their powers on each other, making rivers of blood and birthing horrors we were not meant to know, until giants battled demons over the fate of the world. And then, as the fighting reached its peak, a great power reached out and Albion simply vanished. For over a thousand years it has been hidden from the eyes of men. When the impenetrable mists hiding Albion began to lift, the King of the Old World sent a rag tag group to explore and settle there. Initially, reports of wonders and wealth came back, then, without warning, all went quiet. Now a new convoy is being sent, seven ships sailing for the mysterious land of Albion. Their crews and captains have many reasons to risk the journey, a mix of opportunists, adventurers, and those keen to leave behind their old lives. But the sins of the past are not so easily left behind and the lure of power and magic weaves its spell long before arrival. Before the ships have even made landfall, old rivalries simmer and, without warning, one ship turns its weapons upon another. Landfall is the first novel staged in the world of the internationally popular MMO game Albion Online. Albion Online is the first true cross-platform MMO available for Windows, Mac, Linux, iOS and Android. The game offers players an extensive character customization system with no class restrictions, a completely player-driven economy and dynamic PvP battles. The action of the open game world revolves around sieging, claiming and defending territories.
