EmpfehlenswertVon KaHo28Unterhaltsames Lesevergnngen trotz des ernsten Hintergrunds. Ich habe das Buch in einem Rutsch gelesen und werde als nchstes Buch Wolf Hunter erwerben.

Kurzbeschreibung Charlie Corcoran is the best thing about twenty-five-year old Zach Prentiss's life. Sure, they've never met. Charlie's never seen Zach from the neck up, but because of Charlie, for a few hours Zach can forget about his sick father, his falling grades, and his dwindling clientele who don't like that he's a rentboy who ages. With Charlie, he talks online about comics, cars, and movies. Then a new client arrives. It's Charlie wanting sex tips... for a date with Zach. Zach goes through with the appointment, convinced it's over if Charlie recognizes him. However, he doesn't have long to nurse his broken heart or worry about Charlie's before Charlie is back, wanting to take him out, introduce him to Mom, and treat him like he's decent.
