That book didn't particularly grab me, but 'Last Chance' was a much better read overall. We were introduced to the main characters in 'Last Chance' in the previous book and, even then, I found them rather more interesting than the lead characters in that story. McKenna Sloan was a mysterious woman who worked occasionally for Last Chance Rescue in an undercover role. When we meet her in this book she is rescuing Lucas Kane, billionaire Englishman, although it seems that he's pretty good at rescuing himself. Lucas finds McKenna immediately intriguing but she disappears completely from his life. But Lucas wants to see McKenna again and eventually they meet. He can tell she's running from something in her life and wants to help her, but McKenna is fiercely independent. But with a love affair growing, perhaps McKenna needs to finally deal with her demons. But what if Lucas tries to do that too, and that their separate plans might together cause a disaster. I enjoyed reading this story with its intriguing lead heroine. I wasn't sure I particularly liked McKenna, who seemed rather disinclined to think of anyone else's feelings, and I felt the baddie was slightly too pantomime-baddie, but the story moved along well and was never boring. It was a definite improvement on 'Second Chance'. Originally published for Curled Up With A Good Book Helen Hancox 2010
