First of all I have to say that I can not at all agree with the one-star review. I have to admit that I am new to Gena Showalter's world and the first book of hers that I read was 'Black and Blue' - since I thought it was the first installment in the 'Otherworld Assassin' series. My bad - 'Last Kiss Goodnight' is actually the first book. Luckily it didn't make much of a difference. Yes, as mentioned in the other review this book isn't as 'funny' as for example 'Black and Blue' - but simply because the characters aren't the same and Vika simply doesn't banter as lightly as Evie. Vika is a rather sweet young woman - she's had to endure a lot while in the care of her father who claims to love her yet is so overcome by evil that he continually beats her simply if she dares to defy him. Vika is clever, but also very aware that she's physically unable to stand up to her father. Yet, despite her harsh life, she has managed to stay a loving person, taking care of her father's prisoners as best as she can. Solo is used to people looking at him and deeming him 'ugly'. He's an Allorian - an alien that looks human for the most part, but is rather big in size and when angered he transforms - pretty much like the Hulk except his skin turns red instead of green and he grows claws and fangs, too. He's used to people seeing the monster in him and yet he's actually a pretty sweet guy. I don't want to spoiler anything so I'm just going to say that because of certain circumstances Vika and Solo - a rather unlikely pair - bond and it is a rather sweet romance between these two. I enjoyed the story immensely and was unable to put the book down. Solo's feelings for Vika are strong and like any other good alpha male he is soon very keen on protecting her - even though he is the one in the cage. Gena Showalter is a great writer - the characters come to life and I enjoyed reading about Vika and Solo's interactions - because even though I didn't outright laugh at their conversations they still amused me at times or made me want to cry. The end seemed a bit rushed to me, but now that I am done I'll go looking for another book from Gena Showalter - her books in this series were definitely worth the read!

I was a fan of Gena Showalter books, especially her Demon of the Dark series. Unfortunately this is terrible. No plot, character developments and the worst of it, no humour to speak of. The dialogues are dire, the story goes back and forth a lot. I had to force myself to finish reading it but didn't enjoy it at all.
