the Breed Von George Williams Last of the Breed is one of the best survival stories written. It is exciting the entire time and you are rooting for Joe Mack during the whole book. It takes place in Siberia and is about an escaped prisoner of war (Joe Mack). Joe Mack is a Sioux Indian, so he has some wilderness experience. The book gets exciting from the fifth page and stays exciting till the very last sentence. The last line in the book is definitely the best last line ever written. Last of the Breed is a great book worth reading. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Last Of The Breed: Continuation of an Era! Von Ein Kunde Last Of The Breed is one of L'Amour's best works, following in a long line of classics. It is an "Edge-Of-The-Seat" book that I've enjoyed reading over and over again. Situated in Russia, U.S. Air Force Major Joseph Makatozi ("Joe Mack") is flying one of many U.S. experimental aircraft with valuable data to the Russian authorities. This particular aircraft can stand extremely cold temperatures - ideal for Siberia. So, he is shot down, and this is a tale of his escape. I've read it over and over again, and it is always good to the last sentence. 1 von 1 Kunden fanden die folgende Rezension hilfreich. A GRAB YOU BY THE SEAT BOOK, IS MY RESPONSE ! Von RODNEY TRIPPI bought this book years ago in hard back in 1986. It was good at that time. And someone mention this book to me just recently. I decided to read it again for the first time to see if it is good now. It is still a grab you and hold you by the seat book. It is too bad this was not a movie or book sequel. DON'T SHAKE YOUR HEAD ON THIS OLD BOOK. LOOK FOR THIS ONE IN YOU BOOKSTORE OR FIND IT ONLINE!

Kurzbeschreibung For sheer adventure L'Amour is in top form. Kirkus s Here is the kind of authentically detailed epic novel that has become Louis L'Amour's hallmark. It is the compelling story of U.S. Air Force Major Joe Mack, a man born out of time. When his experimental aircraft is forced down in Russia and he escapes a Soviet prison camp, he must call upon the ancient skills of his Indian forebears to survive the vast Siberian wilderness. Only one route lies open to Mack: the path of his ancestors, overland to the Bering Strait and across the sea to America. But in pursuit is a legendary tracker, the Yakut native Alekhin, who knows every square foot of the icy frontier and who knows that to trap his quarry he must think like a Sioux. From the Paperback edition. From Library Journal Once again demonstrating his versatility, the prolific L'Amour has written a contemporary adventure novel set in the "Wild East" of Siberia. U.S. Air Force Major Joseph Makatozi "Joe Mack" is shot down by the Russians, who intend to wring secret information from him before executing him. The catch in their plans is that Rambo-like Joe Mack is part Sioux, part Cheyenne, and a nearly Olympic-caliber athlete. Still, it takes all his native skills and endurance to survive and overcome Soviet Colonel Arkady Zamatev and his Yakut henchman Alekhin as they track the American across the Siberian wilderness. L'Amour's latest novel will be requested in most public libraries. Literary Guild main selection. William C. McCully, Park Ridge P.L., Ill. Copyright 1986 Reed Business Information, Inc.
