And everybody - including Ronan - now hates Chase. One person doesn't though: Kelsey. Kyle's sister. She's in love with Chase.And Ronan can't understand and approve. He promised to keep Kelsey safe. How can he do that when she wants to be with Chase. Or is

Chase not the bad guy everybody thinks he is? Kelsey Chase's story has been told in HOW WE LIVED! I wish I had known that before reading this book :(Ronan hasn't really lived since Kyle died. But now there Kelsey's best friend Em. She's not letting him suffer in silence. Somehow he ends up on a road-trip with her. (After rescuing her from being stranded on the road - after finally leaving her violent idiot of a boyfriend.) Ronan is really attracted to Em, and she seems to be the first person to finally draw him out of his grief. She makes him want to start living again. But of course there's the fact that he might only be her rebound - and there's also the fact that her ex Nate hasn't given up on her yet...WHAT WILL HAPPEN TO Em Ronan?? WILL THERE be a Happy Ever After for them?? WILL THERE BE A HORRIBLE CLIFFHANGER? nooo, of course there's no Cliffy \_\_\_\_\_ I really enjoyed this book. I just wish someone would've mentioned that Kelsey Chase's story had already been told in a previous book!!! I hate when that happens to me - I want to know everything there is to know about everything when I start a new book :/Of course it's not really necessary to know the first book - this is a standalone - but still. I just one-clicked the first book and will read it right after this one LAST WISH was a really cute romance. Ronan is this sad, cute guy. And Em, with her bully of a boyfriend. She's been kind of in love with Ronan since they were little. But he never saw her like that. But now that she broke up with Nate (Nate might not know that yet, though.) she might have a chance with Ronan - but he doesn't seem all too willing to start something. He's still grieving, and probably still in love with Kelsey. Only he never was in love with her. He just promised to protect her. But Em is just too adorable for him to resist. And he really needs someone to pull him out of his mourning! LAST WISH was a very moving and cute romance!!! GO one-click yourself some Ronan!!!!

Kurzbeschreibung A new adult romance from Entangled's Embrace imprint...Some things can never be fixed...Nothing feels right. Not since my best friend died and I screwed up the one promise he asked me to make. The past follows me everywhere, tangling me up like weeds, reminding me that my life is empty. So goddamn empty. Then she walks into the bar, all bright beauty and sweet lips made for kissing. Em Stewart is a complication...one I need to avoid. She's got heavy secrets of her own, ones she hides from her friends and lies about to herself. No matter how hard I try, I can't resist her, and our unexpected road trip sure as hell isn't helping my cause. But I'll be damned if I screw up my first chance at something real...Kurzbeschreibung A new adult romance from Entangled's Embrace imprint...Some things can never be fixed...Nothing feels right.
