Better and BetterVon Ein KundeFourth in the Seven Brides series.Hen Randolph, now on his own, is hired as sheriff of Sycamore Flat because of his reputation as a gun fighter. Everyone thinks he is a remorseless killer. Although most of his brother's pain revolves around the cruelty of their father, Hen is haunted by the fact that his mother didn't care enough about her sons to live for them after their father left. At fourteen Hen and twin Monty were left to defend their

ranch and protect younger brothers Tyler and Zac. When Hen finds rustlers about to hang his twin, he has to choose between losing his brother and losing his innocence forever. He sees himself as a protector not a killer but does what he has to defend his own and later the town. Yet each time he is forced to kill he feels a little piece of his soul slipping away. That compounded with the fact that the woman he loves, Laurel, can't love a gunfighter and doesn't want her son to be like him. Hen is inexperienced with women and only knows that something about this woman touches something he thought buried forever. Time and time again Hen takes the high road and finally convinces Laurel that the man inside is good and worthy of her love. When the Laurel's inlaws, the Blackthorns come to town for a showdown over the custody of her son Adam, Hen must defend the town. One by one word reaches his six brothers and they converge on the town to lend a hand. When Hen tries to do the right thing an accident occurs which causes an innocent bystander to be critically wounded. Guilt plagues Hen and he can only find comfort in Laurels arms. Only Laurel has the key to open his heart and shows him to be worthy of not just her love but the love of his family. With the help of his brother's the showdown is averted and Hen is free to go back to the peace of ranch life with his ready made family.

Kurzbeschreibung Hen Randolph's reputation as a cold-hearted gunslinger without a need for friends, family or women, was the reason he was hired to be the sheriff of Sycamore Flats, a small Arizona town. They needed someone ruthless enough to protect them from the Blackthornes who have harassed the town and run off the previous sheriffs.. When he saves a young widow. Laural Blackthorne, from a beating, he finds he's made a enemy of the entire clan. When he refuses to let the Blackthornes take Laurel's son, they plan to kill him and warn the townspeople to stay out of the way. Laurel Blackthorne has no need for gunslingers or guns. As far as she's concerned, Hen is no different from her late husband or his family. She wants little more than to prove she was legally married to Carlin Blackthorne and that her son is legitimate. She doesn't want the new sheriff to interfere. But when he does and carefully tends her wounds, she sees the tender man this gunslinger could be. But Hen is a loner who thinks he's empty inside unable to love and certainly not worthy of anyone else's love. She loves him but can't let herself hope for a future with him. As a sheriff, he would always be in danger, and she can't stand the idea of losing him. When he says he intends to face the entire Blackthorne clan alone if the town refuses to stand behind him, she can't decide whether he's a saint or a fool and starts to leave town. She doesn't get very far before she decides having a man be a fool over her isn't half bad. "WOW! What can I say but magnificent, superb, wonderful, and captivating. The characters are so true to life, I feel they are personal friends of mine." Marguerite Jacko, Rendezvous "This is a wonderful story about a cold, unfeeling town awakened to its responsibility, and how they learn to accept people for what they do, not what they or their parents did or didn't do. I really enjoyed this story. This is a must-not-miss series. Great reading."
