**Kurzbeschreibung** They say opposites attract. So when Math major Emma LeVanteur takes English Professor Nicole Daviss class, the sparks flying between them should have meant an end to Emmas romantic dry spell. Except that Nicole is straight. And engaged. When Emma learns Nicole is getting married, she gives in to a moment of insanity and agrees to plan the wedding. All this crazy attraction can only lead to trouble . . . and who knows what else.

**Kurzbeschreibung** They say opposites attract. All this crazy attraction can only lead to trouble . . . and who knows what else.

**Synopsis** Emma LeVanteur has written off any chance of true love and is focused on her graduate thesis, when Nicole Davis, a beautiful British instructor, turns Emma's world upside down. Emma thinks she can finally break out of a comatose love-life, but when Nicole convinces Emma to help with her upcoming wedding, Emma's brief hope for romance seems lost. But is it? Nicole Davis is marrying into a socialite family. But Emma's friendship pulls her in another direction, sending her tumbling into a world of undeniable longing. Will Nicole give up her picture-perfect future to gamble on feelings she can barely comprehend, or will she stick with the life she's always known? Set in New England, "Lavender Secrets" explores the boundaries that define love, lust, and friendship for Emma, Nicole, and the world they live in.
