Sweet, touching and sexy story!Von Anne B.What a touching, lovely and sexy story!The characters are amazing and each of their own kind of cute and...you just have to love them instantly. When Glenton realizes that he is into Aric and falling for him, it's touching and sweet. Glentons thoughts, feelings and fears are realistic and you can almost feel the struggles he fights with yourself. But Aric is always at his side. The Moment when the six have to go back in the

chambers for the last two weeks, them saying goodnight, it just broke my heart a little bit. Would they make it and be together again? And as it looks like, Aric would lose his sweet Glenton and didn't care if the others see he loves him so much, oh you had me in tears there, James. This is really a very emotional, heartwarming and sweet but very sexy coming-out-story I so so loved to read. Great job, James! And I love Glenton, he is an adorable little hero!

Kurzbeschreibung Beneath the ice and crystal lies the future of mankind. The entire population was sent to sleep in hibernation chambers underground so that the earth could re-grow. When Glenton wakes, it's to a shaking chamber and screams. He's saved by Aric, and together they rescue all those they can as the chambers suffocate the remaining humans. Was it a horrible mistake or a cruel government? Six survivors now try to endure beneath the ice in what remains of the hibernation center, waiting for the day they can return to the surface. Glenton is among them, troubled by his strange feelings for Aric. When their home loses power, they must go to sleep once more. The future of our species depends on their waking. Will they make it to the surface?
