Its for the best, really, considering her family is cursed a real Irish curse that dooms each first born daughter to lose her husband on her wedding night. But when long hot days talking history become longer, hotter nights with a man who smells like heaven, kisses like he means it, and can melt her panties off with one sexy smile, Mia realizes she wants more than a summer fling. ber den Autor und weitere MitwirkendeNew York Times and USA Today bestselling author, Jessie Evans, gave up a career as an international woman of mystery to write the sexy, contemporary romances she loves to read. She's married to the man of her dreams, and together they're raising a few adorable, mischievous children in a cottage in the jungle. She grew up in rural Arkansas, spending summers running wild, being chewed by chiggers, and now appreciates her home in a chigger-free part of the world even more. When she's not writing, Jessie enjoys playing her dulcimer (badly), sewing the worlds ugliest quilts to give to her friends, going for bike rides with her house full of boys, and drifting in and out on the waves, feeling thankful for sun, surf, and lovely people to share them with.
