Von Sigal Ehrlich : Leaving Me Behind (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Leaving Me Behind (English Edition):

KurzbeschreibungA full-length STANDALONE romantic comedy from the bestselling author of the LAYERS series.He was supposed to be a personal challenge. A Spanish lover younger and sinfully attractive. A daring, wild experience for one night. My liberation from my self-oppressed lifestyle was planned out carefully down to the last detail.Everything except . . .HIM.I didnt see it coming, not by a long shot. My plan was safe. I was going to quit my job, say goodbye to the restraints of the life I had known, and follow my dreams.I rented a house halfway across the globe in an exotic Spanish town on the coast. I made some new friends. I reveled in luscious food and a stunning landscape. Most of all I savored my new found freedom. That is until I met HIM.It was supposed to be a night of lost inhibitions, soon to become a sweet memory. That was my plan.He had something different in mind.
