An excellent page turner.Von customerThe perfect companion for all Roman military history enthusiasts is the ROMA VICTRIX WINE BEAKERRoma Victrix Wein BecherWhat a page-turner and excitement crackled from every page! From the sands of Persia we see Pavo and his buddies from the XI Claudia in Thracia, with the task of stemming a

Goth and Hun invasion. If successful, it would mean the Eastern Roman Empire would be overrun by these barbarians. A strategic pass falls to them, and Pavo and confreres are sent to help defend another pass, Trajan's Gate, so that the Western Emperor and troops can bring their aid. The defenders of the fort face a horrendous winter and must deal with an ailing commander. Meanwhile, Tribune Gallus and Pavo's long-lost brother attempt to reach the Western Emperor, Gratian, to beg his help. The novel describes preparations for the siege and the final standoff during a blinding snowstorm. Some of the defense measures were certainly original! Also, we follow the two officers on their journey. Will they reach the emperor in time? The author has crammed so much action and excitement on every page, but we still have the same engaging characters from earlier volumes in the series, plus new ones. Treachery is revealed of a certain character, in a device similar to one the author has used before. Some resolution of incidents did seem almost miraculous. The "baddies" had NO redeeming qualities, whereas the "goodies" may have been flawed but were heroic. Highly recommended for lovers of military fiction set in the later Roman Empire!

KurzbeschreibungThe legions are in tatters, and the Gothic hordes are gathering beyond the mountains . . .377 AD: Thracias legions are few and broken in the wake of the Battle of Ad Salices. But the scattered centuries and cohorts rally in an effort to blockade the Haemus Mountain passes and hold back the relentless attacks of Fritigerns swelling Gothic armies. These passes must endure until Eastern Emperor Valens and Western Emperor Gratian can muster and bring their Praesental Armies in relief.Numerius Vitellius Pavo and the men of the XI Claudia return to Constantinople from their brutal Persian sortie to hear widespread tales of Thracias plight and the precarious mountain blockades. Each of them knows what is at stake should those passes fall: the heartland of the Eastern Empire would face the wrath of the barbarians and loved ones would be at the mercy of their savage blades. When the Claudia are despatched to aid the effort at the mountains, Pavo can think only of two souls wandering in the jaws of the Gothic threat: his beloved Felicia and his lost half-brother, Dexion. So he and his comrades march at haste, headlong into the storm that awaits them . . .

ber den Autor und weitere MitwirkendeI'm a Scottish writer, addicted to reading and writing historical fiction. My love of history was piqued during spells living and working close to both Hadrian's Wall and the Antonine Wall, sites of rich history winding back through thousands of years. The later Roman Empire and Byzantium hold a particular fascination for me. There is something quite special about the metamorphosis from late antiquity into the 'dark ages' and the medieval period. While historical fiction is my passion, I enjoy writing comedy and sci-fi too. Perhaps one day I'll find a way to combine all three! [www.gordondoherty.co.uk](http://www.gordondoherty.co.uk)
