Von Gordon Doherty : Legionary: Viper of the North (Legionary 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Legionary: Viper of the North (Legionary 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. LegisnaryVon Kindle-KundeWell written, plot. A bit transparent, it is practically immediately obvious that the main

miscreant is the so-called ambassador alias the viper.. this book I would recommend for young or naive readers.

KurzbeschreibungThe Danubian frontier is weaker than ever, and a storm is gathering in the north . . .Deep winter, 376 AD: Emperor Valens has withdrawn the field armies from Moesia and Thracia to fight in the Persian War. The impoverished limitanei legions left behind to defend the banks of the River Danubius are now all that stand between the war-hungry Goths and heart of the Eastern Roman Empire.For Numerius Vitellius Pavo and the men of the XI Claudia, the brief from Emperor Valens is simple: to avoid war with the Goths at all costs while the Roman defences are so weak. But in the frozen lands north of the Danubius a dark legend, thought long dead, has risen again. The name is on the lips of every warrior in Gutthiuda; the one who will unite the tribes, the one whose armies will march upon the empire, the one who will bathe in Roman blood . . . The Viper!
