Von R.E. Blake : Less Than Nothing (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Less Than Nothing (English Edition):

It started out as just surving, then its about dreams, this book was all over the place but in a good kind of heart-warming way. I understand what the authors wanted to convey and it worked. The romance between these two are hot, and breathtaking but censored, it does not

crosses lines and I appreciate that. This bestselling book was worth the read.

Kurzbeschreibung Sage's life as a teenage runaway in San Francisco is simple: Snatch a few hours of sleep on park benches and bus stops; dodge perverts, predators, and cops; and make enough as a street musician to eat. But her world flips upside down when she meets Derek - hot, tattooed, and charming, a singer from Seattle whose looks and talent take her breath away. What begins as a reluctant partnership quickly develops into a cross-country race against time - and awakens a hunger in Sage that's unfamiliar and exciting. As they travel from coast to coast, Sage and Derek pursue their dream, only to discover that they can never run far enough to escape the demons from their pasts. *Less Than Nothing* is the breakout debut YA romance novel from The NY Times and USA Today bestseller R.E. Blake.
