Von T.A. Webb : Let's Hear it for the Boy (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Let's Hear it for the Boy (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Heartbreaking and very sweetVon SunneI'm feeling kind of bad that I give "only" four stars - everybody is so enthusiastic about it. And it is good, I really liked it. I can't even really tell you why it isn't a five stars for me. It's not the fact that it is a short story.It's more that I would have wanted a touch more, a touch more angst, desperation and a

touch more at the end. Maybe it's that I always feel kind of robbed if the frame story around another one is cut too short. But despite that it is a very emotional and touching story and yes, I cried, thanks Tom, I can always count on you or Amy if I need a good bawl, right? So I recommend it if you want a heart-breaking story with a silver lining at the horizon.. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Emotional, heart-breaking and beautiful Von Feliz Wonderful honest, painfully realistic and oh so sweet despite the sadness. A beautiful short story--it's incredible what this author can do within such a small space. Highly recommended.

Kurzbeschreibung Auntie Social is the biggest, baddest drag queen in Atlanta she knows what she wants and she gets it. She's tough, merciless, and top dog. That's what Paul Stewart, reporter for the Journal, had heard, and all he expects when he's assigned to interview the legend.. But nobody really knows the person behind the make-up. What if what if the person behind the sarcasm and music was more than just a man in a dress? What happened in his life that, thirty years later, made him a successful CEO, a philanthropist, and a legend in the gay community? Thirty years and almost a million dollars raised for people living with HIV/AIDs, yet still no one knows the real story. Until one night, one man breaks through the shell, and Matthew Trammell Auntie Social opens the door he closed many years ago and lets his secrets spill out. Pain is like rain, it covers your skin and soaks in bone-deep, but it eventually recedes and allows fresh things to grow.
