Von Kim Baldwin, Xenia Alexiou : Lethal Affairs (Elite Operatives series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lethal Affairs (Elite Operatives series Book 1) (English Edition):

promises. It is a great read, very entertaining and amusing. The characters are good-looking, clever, hot ... They are also quite credible! All the killer agent stuff comes across as rather authentic. Hayley is an aspiring reporter who has the chance for a really big story and a dashing stranger at her hands at the same time, not realising that her new amorous conquest and the assassin in her story are one and the same person. Domino is a remorseless professional killer who falls for her target - the reporter investigating one of her assignments. This setting provides enough explosives to guarantee sleepless nights. Enjoy!

Kurzbeschreibung Love has never been more lethal. Elite operative Domino is no stranger to peril and impossible situations. Trained all her life to be just as comfortable fighting terrorists as mixing with the gala crowd, she is proficient at playing any role necessary to accomplish her objective and believes the cause sanctifies the means. But her latest assignment to investigate journalist Hayley Ward will test more than her skills, ingenuity, and courage, because this time she faces the ultimate dilemma: a choice between loyalty and love. First in the Elite Operatives romantic intrigue series. Kurzbeschreibung Love has never been more lethal. Elite operative Domino is no stranger to peril and impossible situations.
