"Lethal" Is Licivious Delicious! Von Ein Kunde Jackie Collins has brought us her 20th book with a rollicking romp revolving around three womens lives, culminating in a frenzied Las Vegas boxing scenario. In "Lethal Seduction", we meet Madison, Jamie, and a most abnoxious mafia witch, Rosarita. These women do not live their lives through men, but, if the right one comes along, hang on for the ride. We are even treated to a re-visit from rock star Phoenix. I have always enjoyed Ms. Collins books. And laugh when I remember her saying she first started "selling" her writing by devulging her own scampy diaries! For pure fun....guessing who these characters might be in Hollywood, eroticism....a hilarious public sex scene, and relaxing suspense.... how does one knock off a mafia husband? Inject yourself with "Lethal". Thanks--CDS0 von 0 Kunden fanden die folgende Rezension hilfreich. ENTERTAINING AND FAST-PACED Von Nick G Madison Castelli, the star of Jackie Collin's L.A. Connections series, returns. Along with relationship problems, Madison must deal with the truth about her father, and his dark past. While finding the truth about her family, she has to help her best friend, interior designer Jamie Nova. Jamie believes her husband to be cheating, and if there is truth to her suspicion, she will enact her revenge. Along for the ride are: Rosarita Falcon, a woman out to murder her husband. Dexter Falcon, the soap actor, trying to keep his marriage together. Joel Blaine, the sex addict son of a billionaire. Jake Sica, the photographer looking for a good time. Kimm Florian, the gay detective, hired to find out if Jamie's husband is cheating. Jackie Collins has assembled a large cast of characters, some from previous novels, handling the various plots carefully, while throwing in her usual mix of sex, murder and the mob. Collins keeps the pace fast, having the novel climax in Las Vegas. "Lethal Seduction" is another entertaining blockbuster from Jackie Collins. She is one of the few authors to juggle a wide range of characters and have the reader interested in every one of them. As always she ties all the plots together, leaving the reader very satisfied. Anyone looking for a book to sink into for a few hours should pick up "Lethal Seduction". A great read. Nick Gonnella

Kurzbeschreibung On the heels of her sensational New York Times bestseller Dangerous Kiss, comes another tantalizing Jackie Collins treat: Lethal Seduction. Madison Castelli, the beautiful, street-smart heroine of Jackie Collins's L.A. Connections series, returns in Lethal Seduction, an edgy novel full of danger, passion and suspense. Madison is having problems -- her ex-live-in lover who walked out on her is trying to walk back in. Her new lover is giving her a hard time. And her father turns out to be a man with deadly secrets. Set between the high-powered world of New York and the manic excitement of Las Vegas, Lethal Seduction is packed with all the intrigue and glamour fans have come to expect from Jackie Collins. This deliciously uninhibited tale of cover-ups, deception and mob involvement finds Jackie Collins at the height of her creative powers as the diverse cast of characters in Lethal Seduction take an exhilarating walk on the wild side, where nothing is ever exactly as it seems and danger is all around. In Lethal Seduction you will also meet: Jamie Nova -- a breathtakingly beautiful interior designer, who catches her Wall Street husband cheating. Jake Sica -- a laid-back photographer not looking for a commitment. Rosarita Falcon -- an ambitious and sexy would-be New York socialite with a yen to murder her husband. Joel Blaine -- the playboy son of a billionaire with an unquenchable taste for public sex. Carrie Hanlon -- a top supermodel with a degree in egomania and bitchery. Dexter Falcon -- a handsome soap star with a romantic heart and an unbeatable body. And... Kimm Florian -- a Native American gay detective with a dry wit and a big heart. Together these characters will take you on a sometimes funny, sometimes sad trip guaranteed to seduce you all the way.. de The location is New York; the heroine is Madison Castelli, femme fatale of LA Connections, who's gorgeous and clever, but at 30 is having boyfriend problems. Discovering a few deadly secrets about her parents makes things even more horrid. Fortunately the flash of rugged photographer Jake's smile, and a few other things, takes her mind off things. Meanwhile, spoilt rich-girl Rosarita is married to a daytime soap star whose name-change, from Dick Cockranger to Dex Falcon, has paid dividends. Only Rosarita wants Dex out of her life (as in concrete shoes, permanent style), to make room for a billionaire's son whose idea of lunch at his desk involves the words "Rosarita" and "mouthful", preferably with the blinds open so that the occupants of the adjacent skyscraper can gape. Then there's a lap-dancer called Varoomba with silicon implants so huge that simply standing upright is a challenge; a bad-tempered supermodel with a penchant for teenage Latino lads; and an errant husband whose mistress turns out to be a "master". There are so many colourful characters jostling for attention in Lethal Seduction that the plot takes on a distinctly "supporting role". After 30 years in the business, Jackie Collins has pulled out all the stops for this, her 19th bestseller. While the action swings from the hard-nosed world of NY to the surreal Strip of Las Vegas, Ms Collins has trawled the alphabet to make sure she has every known sexual type, deviation and plot line in place: from assholes to voyeurs, and coke-kings

to mafia-men, with murder, mayhem and madams at every turn. One wonders whether this vulgarity-with-a-morality-sting tale is merely a product of the over-ripe imagination of an experienced writer or the real-life experiences of a rich woman who lives in Beverly Hills and knows everyone. Whatever, if you like the Collins style, you'll just lurrve this. -- Carey Green

From Kirkus sMadison Castelli, celebrity profiler for an upscale Manhattan magazine and heroine of Collins's L.A. Connections series, takes center stage in this coast-to-coast melodrama amid a memorably horny cast of characters. There's Rosarita Falcon, foul-mouthed mob princess, unhappily married to Dexter, gorgeous ex-male model turned soap star, who's heavily into fidelity and other lost virtues. But Rosarita intends to dump him because she has the hots for Joel Blaine, thuggish real-estate mogul and exhibitionistic sex addict. When not servicing Rosarita on his mahogany desk, Joel chases bitchy supermodel Carrie Hanlon and secretly lusts after Madison, whose sights are set on handsome, freewheeling photographer Jake DeSica. Jake beds Madison briefly, then jets off to pursue his other interests, which range from cheetahs to call girls. Madison's college chums--beautiful, blond interior-decorator Jamie Nova and trash-talking African-American TV reporter Natalie de Barge--advise her to forget Jake, but she can't. Then the mysterious and violent death of Madison's mother raises questions about her father's possible involvement. Madison hires Native American lesbian private investigator Kimm Florian, who tracks down some--though not all--of Dad's shocking secrets. Eventually, a world championship prizefight brings everyone together in Las Vegas for the hyper-convoluted finale. Cheerfully cheesy as always, Collins entertains in high style. But the story's stuck in a time warp. Her ace reporter and famous photographer apparently have never heard of voicemail, e-mail, or laptops; they often communicate via answering machines that actually run out of tape (what's that?). The party scenes are equally dated, with cocaine and amyl nitrate still the drugs du jour. Collins is noticeably out of touch with the contemporary Hollywood scene, but her loyal readers won't care: plenty of rough and raunchy sex, served up with brio, keeps the plot moving right along to the next installment. Cool as a subzero shot of designer vodka, and just as unreal. -- Copyright 2000 Kirkus Associates, LP. All rights reserved.
