Von PT Denys : LGBT Fiction: Violence Begets... A Gay Young Adult Novel (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised LGBT Fiction: Violence Begets... A Gay Young Adult Novel (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nix fr romantische GemterVon PeabodyDie Geschichte ist gut geschrieben - first person point of view, abwechselnd von

Rick und von Kevin - und hat mich richtig reingezogen. Beide Charaktere leiden standhaft, und wirklich tragisch an der ganzen Geschichte ist das Versagen des gesamten Systems. Niemand hinterfragt die Geschichten, wie beide immer wieder zu Verletzungen kommen. Keiner hilft, wenn die Eltern versagen. Niemand denkt darüber nach, was hinter den ganzen Drogen und Alkohol eigentlich steckt.0 von 0 Kunden fanden die folgende Rezension hilfreich. Rare gem in the M/M genreVon Elke KriebelExpecting one of the normal M/M literature, lots of sex, lots of angst, lots of drama, I couldn't be more wrong.Absolutely brilliant story about two young boys on the way to adulthood, each with his own problems to deal but still able to open up step by step to the others life and problems.SO worth reading, and it won't leave you alone for some time. Hopefully soon more of this brilliant author.0 von 0 Kunden fanden die folgende Rezension hilfreich. Meh. :IVon KoviI'm disappointed by this - especially after reading the other reviews. The idea behind the book may be a promising one but the execution lacks in many ways. The chapters are dragging on, I often caught me thinking 'Get to the point.' and in the end I simply was too bored to continue reading.It should also be noted that the book is written in first person which I'm not a fan of at all.

KurzbeschreibungAfter a tragic accident devastates his family, 16-year-old Rick St. James starts his junior year of high school without any friends in a suburb of Salt Lake City, Utah. When he meets Kevin Vincent, he's too distracted by the promise of new friends to see that Kevin has secrets of his own. Having created an environment where he's feared and admired by his classmates, Kevin finds pleasure in using his good looks and violence to control and manipulate those around him. Secretly, he cruises the gay club scene, turning tricks to earn money so he can party and get high.As Rick's dad becomes increasingly violent and abusive at home, the two form a surprising and volatile trust. In this battle of wills, their precarious friendship will either keep their lives from blowing up around them or possibly light the fuse that will cause the explosion.Disclaimer: This book contains strong language, graphic violence depicting physical child abuse, and sexual situations. It can cause triggers. It is not suitable for young audiences.KurzbeschreibungAfter a tragic accident devastates his family, 16-year-old Rick St. James starts his junior year of high school without any friends in a suburb of Salt Lake City, Utah.
