**Von Elise D'Haene : Licking Our Wounds (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Licking Our Wounds (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. This is one helluva good, compelling readVon Ein KundeElise D'Haene's Maria lets us tag along on an insightful, hilarious, profound journey through coming of age and loss: loss of innocence, loss of idealism, loss of the perfect woman; and leads us, ultimately, into wholeness. One doesn't have to be a lesbian to identify with Maria - we have all had our

"Cup" who-never-runneth-over. Like most of us, Maria participates in life as a respondent, never quite setting the agenda, but rather trying to manage and cope with every wild twist that is thrown her way. Although we don't exactly feel despair at Maria's plight, we certainly squirm at the familiarity of her situation. And we laugh - because the best part of *Licking Our Wounds* is Elise D'Haene's exceptional wit. Clearly, D'Haene is a born wordsmith who is entertaining herself at the same time she is entertaining us. This is one helluva good, compelling read. Plan on finishing it in one sitting - then plan on having it linger long after it is read.

0 von 0 Kunden fanden die folgende Rezension hilfreich. *Licking Our Wounds* is One of My Favorite Books! Von Ein Kunde *Licking Our Wounds* is a provocative, soul-wrenching novel that tells the story of Maria as she is faced with loss on innumerable levels - loss of love, friendship, life, past, and center. It is compelling, not simply because of D'Haene's magical gift for expression, but because it tells the story of the human collective. Everyone can identify with Maria and feel her hurt, remorse, emptiness, and ultimately triumph. If you're looking for a very well-written, meaningful story, *Licking Our Wounds* is the way to go.

Kurzbeschreibung Timothy Leary calls *LICKING OUR WOUNDS* "...poignant and hilarious: adventures simmering with passion, sweet sorrows, and raw, moist sexual expression rarely seen in literary works by women." It is the age of AIDS and Maria is just trying to survive. One by one her friends are dying, her lover has disappeared and Maria can't seem to figure out how to cope with her grief. Aided by Peter, a man living an elaborate lie, and Christie, a techno junkie with a unique version of truth, she discovers the depths of desire and the roots of longing. But only two men will be able to teach her about love and help Maria find the true woman inside. Erotic and emotional, *LICKING OUR WOUNDS* is an exploration of the female sexual soul.
