**Von K.E Taylor : Life After You (Burnt Ashes series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Life After You (Burnt Ashes series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Just... WOW!Von ink.eaters book blogIt's a fine line between heartache and heartbreak - and K.E. Taylor's "Life After You" has it all.When you first pick up the book, you might think it's just another romance novel serving you a damsel in

distress and a hot tatted up rockstar that might just end up saving the day - but boy are you wrong, because Taylor's novel is so much more than that! And be warned... once you're through with the book, you'll be wanting nothing more than a Charger, a piece of Mr. Dale (to hell with that, just give me all of him!), and possibly a changing room along the way...Mackayla Smith has known both heartache and heartbreak and has had to suffer through more loss than anyone her age should ever have to. Having lost her twin brother, the only remaining family she had, she decides to leave life as she knows it behind, looking for an escape - for a fresh start. But what if it all keeps leading her back home? Home is where the heart is, they say. And Kayla's, hers is with rockstar Logan Dale - her best childhood friend, and member of Burnt Ashes, the band her brother had been part of. Logan Dale, who might just happen to have made a promise to never touch her, to never let himself have her. Promises get broken, and hearts get mended - just to get ripped apart again when happiness seems in reach. "Lifer After You" is an emotional rollercoaster, that you just don't want to quit - once you've let yourself get lost in between the pages, you won't want to put the book down, because it has it all: A hot and steamy romance, that will have you craving more. Characters that aren't "stuck", but that develop. Tattooed rockstars - I mean, hello, do I really need to say more?! - with unique characters, that will have you wanting to tour with them. And... an end that will leave you wanting to beg K.E. Taylor to hurry up with the next book in the series!

Kurzbeschreibung Dealing with more death than anyone should ever have to, Mackayla Smith decides it's time to start over after losing her twin brother, the only family she had left. Leaving it all to fate, she set off on her own to move past her losses, including the only man she had ever loved, Logan Dale. Being the lead singer of Burnt Ashes, Logan Dale was never looking for love, especially when he could have any woman he wanted. The problem was, the only girl he ever wanted was the girl he wouldn't let himself have. But now, what if that decision causes him to lose her forever.
