**Von Zoe Winters : Life Cycle (The Preternaturals Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Life Cycle (The Preternaturals Book 4) (English Edition):

of the immortal cybers is interesting. Although it reminded me on the film "Highlander", but Ms. Winters made it a fresh story. Tamar is a two thousand year old witch and Cain is eight thousand, being the biblical Cain. Hard core christians will not like her books, because Heaven has an ugly side behind all the glamour and shine. Cain is very badass and doesn't want to hurt his bad reputation, what has been very amusing at times. Tam likes snarky remarks. Either they fight against each other or they f\*\*\*. So it is one of the books with more s\*\*, therefore in book 5 will be less. I think it is just right for this book. There is much emphasis on the character development from a badass to a caring badass. Sometimes the authoress overdid it. Hey, Cain was a murderer and later he got scruples where there haven't been any. Nevertheless this is a very good and interesting read. Highly recommended.

Kurzbeschreibung Life Cycle: The Preternaturals, Book 4 Immortality can be a bitch Cain: the first murderer... now the first incubus. And the most lethal. He's killed too many women to count, luring them to his bed, feeding his dark urges, then taking their lives for their foolishness. He especially likes killing witches, one of the few beings dangerous to his kind. So killing Tam should be no problem. But there's one thing he doesn't know about her. Tamara has lived nearly two thousand years, trapped by a spell of her own creation. An enemy and former lover is stalking her, intent on torturing her to take her magic. There is only one demon strong enough to release her from the curse. But will Cain honor her death wish, or keep her, no matter the cost? Blood Lust (book 1) (Kept, Claimed, Mated) Save My Soul (book 2) The Catalyst (book 3) Life Cycle (book 4) Shorts: Cat Fight Dark Mercy Kurzbeschreibung Life Cycle: The Preternaturals, Book 4 Immortality can be a bitch Cain: the first murderer... now the first incubus.
