Von Douglas Adams : Life, the Universe and Everything (Hitchhiker's Guide to the Galaxy Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Life, the Universe and Everything (Hitchhiker's Guide to the Galaxy Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Bibel im Bibel-OutfitVon Schnucki- puhAussen : BibelInnen: Besser als BibelNein, ganz im ernst, es ist das beste Buch das ich je gelesen habe, meine Katzen heissen Zaphod, Trillian und Marvin.Die Aufmachung des Buchs ist der Hammer! Zugegeben musste ich, obwohl ich die deutsche Fassung mehrmals gelesen habe, bei manchen Wrtern nachschlagen, das Vagonische Gedicht ging im original ziemlich an mir vorbei. Trotzdem wrde ich jederzeit mehrere Loblieder anstimmen um Inhalt und Gesamtaufmachung in den Himmel zu heben.Kauft dieses Buch! Diese ist die schnste und wertigste Ausgabe. Trotzdem ist der Inhalt das beste daran.0 von 0 Kunden fanden die folgende Rezension hilfreich. Schne Zusammenfassung aller TeileVon Sandro L.Das Buch ist praktisch, da man alle Teile in einem Buch hat. Gerade preislich ist dies die beste Lsung, wenn man alle Teile lesen mchte.Dadurch ist das Buch natrlich schon ziemlich gewaltig (Gre und Gewicht). Um es in der Hand zu halten ist es auf Dauer zu unhandlich. Aber wenn man es beim Lesen auf einem Tisch oder seinem Scho ablegt, geht es.0 von 0 Kunden fanden die folgende Rezension hilfreich. Sad but entertainingVon AliceThe only reason why this book will make you smile is because Douglas Adams wrote it - yes, the same Douglas Adams who wrote The Hitchhiker's Guide to the Galaxy. Other than that it's a unique compilation of the authors' search for the animals that are closest to extinction, unsure whether they will still find even one of them alive. Spoiler: They do find many.There is a follow-up series by the BBC (available on Youtube) by Stephen Fry and Mark Carwardine which I also highly recommend.

KurzbeschreibungIn Life, the Universe and Everything, the third title in Douglas Adams' blockbusting sci-fi comedy series, Arthur Dent finds himself enlisted to prevent a galactic war.Following a number of stunning catastrophes, which have involved him being alternately blown up and insulted in ever stranger regions of the Galaxy, Arthur Dent is surprised to find himself living in a cave on prehistoric Earth. However, just as he thinks that things cannot get possibly worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lord's, just two days before the world is due to be destroyed by the Vogons. Escaping the end of the world for a second time, Arthur, Ford, and their old friend Slartibartfast embark (reluctantly) on a mission to save the whole galaxy from fanatical robots. Not bad for a man in his dressing gown . . .With exclusive bonus material from the Douglas Adams archives, and an introduction by Simon Brett.PressestimmenWild satire . . . the feckless protagonist, Arthur Dent, is reminiscent of Vonnegut heroes.Chicago TribuneAdams is one of those rare treasures: an author who, one senses, has as much fun writing as one has reading.Arizona Daily StarFrom the Trade Paperback edition.PressestimmenWild satire . . . the feckless protagonist, Arthur Dent, is reminiscent of Vonnegut heroes.Chicago TribuneAdams is one of those rare treasures: an author who, one senses, has as much fun writing as one has reading.Arizona Daily StarFrom the Trade Paperback edition.
