violence and saw her father disappear into a Safer America program at a young age. This shaped her life, committing her to helping other children whose lives are touched by violence. Ironically, she is drawn to a man whose life was devoted to causing that violence for a time. Nick Raine was adopted by a crimelord and grew up in his service. Tragic events led him to leave that life, but now, because of Rachel, he is drawn back into it. Nick's foster father, Rennie Spier, wants him to find the child his now deceased wife hid from him. When Nick refuses, Spier has Rachel beaten, and worse will happen if Nick does not cooperate. A nightmarish race to find the child and keep him safe from opposing forces brings Nick and Rachel closer together, but just as they find love, death may tear them apart.***** This exciting novel heralds a promising debut. Characters you really care about and a touching romance hold your interest along with fast paced action and self sacrificing commitments.
