turning suspense!
Von Bonnie Gilbert
When the call came to Lt. Colonel Brenna Duggan about a death in her command she never expected her life to spiral out of control. A mysterious death determined to be not in the line of duty. After determining the course of action to take, Brenna informs the family and closes the case. Or so she thought. When the widow of the dead airman presses further to prove her husband died in the line of duty, Brenna helps the widow, never realizing she would put her own life in jeopardy. Ex-military pilot Dave Sanderson is drawn to Brenna as he has been no other woman, but she is getting closer and closer to the truth. Truth he must cover up. If you're a lover of military romantic suspense and intrigue, Line of Duty is for you. Merline Lovelace will keep the reader on the edge of their chair, turning the pages wanting more. Highly recommended
